“ Dawn was the love of my life. The sweetest person in the word, loving,kind,silly and serious about everything she cared about. She was wonderfully created by God and I'm hurt she was taking away so soon. Each day I wake up I pray that someone will say it was all a bad dream. But in reality I'll hurt and miss her until we're together again. I love you Dawn Fucci. Forever and Always No matter what. Love bug.

“ Dawn ... Lord knows how much we all miss you.
How the world is at a major loss without you .
I miss your smile, and your contagious infectious laugh. You were so good to all, so generous, and caring. There was a time I had nowhere to go and Dawn let me stay with her, without any hesitation.
What a loss my life has witnessed , without your strong beautiful , happy presence. Rest in peace , I'll see you again one day .
