“ Well Ed

*I don't know where to begin . But we did have some very good times back in the Coronado days. We had fun but , We worked our butts off. I always smile when I think of us running together and going to the races. And how we talked and bragged about our kids. I will always have very fond memories of the way we were. You know me buddy. I'm not very good at saying good bye . But Please know that whatever BS we went thru We were always there for each other. I will truly miss you my friend and we will meet again on the other side . Oh and tell Dale I said hey. RIP Ed I love You !!!*
