“ I'm in shock that you passed. Never forget us meeting at red roof inn in Chattanooga when i bought you the room. Letting you stay in my room to rest before taking you to the bus station. And taking you to the greyhound bus station for you to go to Michigan. I'll never forget our chats on messenger. I've lost so many I've known and met. Was hoping to see you again. Rest easy my friend. Am saddened that your gone too.
