“ *Leroy was like a blood brother to me rather than a brother in-law. Took me into his home when we were younger and we loved playing basketball together. He will be missed.*

“ *Leroy was my dude. We worked security together and we would talk for hours about sports, super heroes and all kinds of things. We had nicknames for other workers and it was a cool environment when we worked. When he moved we stayed in touch and still talked from time to time. That was my guy. Rest easy Big Fella you will be missed 🤔🤔. I would also like to send my condolences to the family. I never really met any of you but we lost a good one.*

“ *Leroy was my Dispatcher at UsFoods. He was such a gentle soul. I use to tease him about his lunch box. He had a whole grocery store in that one cooler. I will miss him dearly.*
