“ *Lorraine sure loved her family. She taught me not to wrap babies up when they have a fever, scaring me as she ran outside into the cold with my baby to break a fever. There are too many crazy stories to tell. I know that the peace she always longed for is real for her now. She loved God and her family. Prayers for Jim, Children, grands and great grands and all who love her.*

“ You may have passed on, but your memories would always live on within us. Thank you for your sacrifices, your care and concern, your love and everything that you have done for us. She was a wonderful mother who was always there when we needed her. And a Nanny who always had everything.

“ You will be missed very much Aunt Lorraine. I will always remember all the laughs we shared in the kitchen at Grandmom's house. You will forever be the woman who taught me how to make jello cake. It's still my favorite! I know you are at peace and catching up with family you've missed so much. Love you always Sammie Jo
