She loved her dogs Artemis and Sandy. Mary was a handy man and could do any outside work, she could build a house from scratch. She loved arts and crafts. Her favorite color was purple and she absolutely loved butterflies. She loved music and dancing. She had a lot of very hard situations come up in life and handled them well and was surrounded by people who loved her so much and gave her the peace she always needed.

We would like to thank my daughter Candi for taking the responsibility of caring for Mary Larsen. She went over and beyond what most people would do and she gave her the peace and dignity she needed and deserved, along with a much needed friendship that was cut way too short. We would like to thank the one person who really listened and got her the real help she needed in the end Allison the CIC nurse from hospice.
