“ Just found out today that Steve had passed. Many great memories from our days in high school and we were roommates in our first year of college at Bemidji State College in Bemidji, Minnesota. Probably had way too much fun in our first semester of school, but thinking about Steve has brought many of the good memories back. Also remember the day that he broke my finger playing football we thought it was dislocated and tried to pull it back into location, which made it even worse. I'm sorry that we have not been able to touch base the last many years but I remember a lot of the great times we had together. He was a terrific guy. Skeeter & Dian Helgerud

“ Steve was the first person to welcome us to the neighborhood when we moved here five years ago. He and Kaye made a delightful couple and we enjoyed our time together. We will miss his humor and kindness. Rick & Joan Streck
