“ Our family met Casey Jones back in 2011 by the introduction of our friend, Eileen, his neighbor. Eileen was a very kind and generous friend to him through a difficult trial and the years following. Over the years, we welcomed both Eileen and Casey into our home for various occasions, which always included meals and laughter. Their love and enjoyment for spending time with our family kept us in close contact. Eileen passed away in 2018, but our friendship with Casey continued. We will miss his friendship. We pray he is experiencing fullness of joy for seeing Christ and living now in His presence. May the LORD comfort and bless your family during this time of loss.
